RGREEN INVEST on stage

[Nicolas Rochon, President of RGREEN INVEST, was interviewed by Erwan Morice for Green Reflex, the daily show dedicated to energy transition on BFM Business.](#)

Nicolas Rochon recalled, that historically, energy transition dynamic had been launched in Europe in order to protect the environment, whereas today, the question is rather how to produce energy in the most cost-effective way. Therefore, the least wealthy European countries are leading the promotion and the use of renewable energy...
